ISBN-13: 978-0769634265

Product Dimensions: 8.3 x 0.8 x 10.8 inches

Shipping Weight: 1.4 pounds

Average Customer Review: 4.5 out of 5 starsÂ Â See all reviewsÂ (30 customer reviews)

Best Sellers Rank: #710,501 in Books (See Top 100 in Books) #77 inÂ Books > Libros en espaÃfÂ ol > Infantil y juvenil > Referencia y No-FicciÃfÂ n #366 inÂ Books > Children's Books > Education & Reference > Study Aids > Children's General Study Aids #693 inÂ Books > Libros en espaÃfÂ ol > Infantil y juvenil > Gente y Lugares

Age Range: 6 - 9 years

Grade Level: 1 - 3

## Customer Reviews

I bought this as a supplement to my "Spanish for Gringos" book (which is also very good). The workbook makes learning Spanish fun. Okay, so it's targeted for kids in the 1st to 3rd grades, but what better way to learn Spanish than from a book that works with the very basics of the language? I bought a second copy of this for a co-worker and have suggested it to the individual that teaches Conversational Spanish where I work.

I teach Spanish at a community college. I also, from time to time, teach specialized courses in legal, medical, police, you-name-it Spanish. This would be a terrific supplement to the materials necessary for those courses. In addition to writing my own curriculum for each, this would give a needed boost to lots of concepts in a workbook format. I wish I could require it for my beginning college students! They would love it!Susie Feathers

I am currently using this workbook with my beginning Spanish students. Although designed for very young students, the activities can be used with any age level. It is colorful and easy to use. It does what it should do very well, the only difficulty is that it may appear too childish for middle-schoolers. (Mine haven't complained too much!)

I'm an adult, trying to learn Spanish on my own, and I found this book in a local bookstore. I bought it, then bought a pack of crayons, and did all of the activities in this book. It took me probably about 15 hours, probably because I spent some extra time coloring. It's really a great learning resource, and it's so good that I think I learned all of the words in this book. I was surprised how this format makes learning these words so fast. If they make more advanced books in this series, I would buy them all. It's probably good for kids, too.

I have worked with almost the exact same pages which were sold in individual books from the same company. Considering what the market offers, this is VERY good, Very complete and pretty cheap. Personally, I will add some pages-exercises of my own to make it more the way I like my classes to be. (yeah, I teach Spanish) If you need help look me up This book is very repetitive, which is good for kids. example : it dedicates like 6 pages just to numbers. It covers a variety of essential topics (vocabulary mostly)

I have used this workbook with each of my 3 children for an initial introduction to Spanish in our homeschool. There are so many pages that I have them do one worksheet 4 days/week for 2 school years through 1st and 2nd grade. It's a colorful and simple way to introduce the Spanish language to an early elementary student.

Pros: Teaches Beginner Spanish Activities: Word Finds, Coloring, etc. Has songs and chants at the end  
Good way to practice Beginner Spanish  
Cons: Geared for little children so only good for those

who aren't too proud to use something for little kids. Can be used only once unless the pages are copied. The answers are in the back so cheating can occur. Doesn't have pronunciation so would have to know how to say the words.

I'm saying that it's a combination because this book has all 3 books of: Spanish, Grade 1 (Brighter Child Workbooks) Spanish, Grade 2 (Brighter Child Workbooks) Spanish, Grade 3 (Brighter Child Workbooks) which means 1 book that contains all 3 books above. So if you can't grasp this, get those 3 separately
