Customer Reviews

We are a bilingual home and love the original version in English. We recently purchased the Spanish version, and overall I was very pleased. I have read some BAD translations in my days as a Spanish teacher, but this one is actually pretty good and still flows pretty well. Nothing is ever going to be as good as it is in the original language, but the translator did a good job on this one. I would buy it again!

Unlike with Dr. Seuss, P.D. Eastman's books are so simple that translating them into Spanish is generally pretty idiot-proof; my son enjoys this book every bit as much in Spanish as he does in English. I would recommend it not only for preschoolers being raised with both languages, but even for older kids who are starting out with the language and remember the book in English. This is just

the kind of simple, entertaining repetition that is great for building up basic vocabulary, at any age.

Great beginner reader in English or in Spanish. I teach a Spanish class for our area homeschooler's children. This is just what the dogcatcher ordered. I am able to compare English to Spanish with no problem. If you use VIVA EL ESPANOL ! teaching series you will like this book for your class.

...I ordered from the comfort of my home office. Delivery was super fast (Prime). There isn't much to say. The book arrived new just as it was ordered. This was a Christmas gift for our 5 year old.

This is a great classic easy reader in Spanish. Be careful when ordering as there is a board book as well as a paperback version.

We are trying to teach our children Spanish and this book is a great book for them. It is repetitive and my kids love repeating the short phrases. It is good for both boys and girls.

There are so few of these, especially from an English original. Buy it for your kids to learn more Spanish.
