## **Customer Reviews**

What an incredible story of seduction, love and lessons learned. I'm so team Kammy and Naim. They still have so much to work out but I believe they can pull through it. Just don't read this book if you ain't got someone to call up because the sex scenes will have you got in bothered. That ending was so wrong though I feel like I've been waiting 9 months to find out if the baby is Nasir or Naims. Great job!

That Cliffhanger though omg why please let it be Naim. Kammy is so spoiled and dramatic but you can't help but love her. Niam was wrong for the things he did but he was young and childish he wanted his boo. Omg why would Kammy keep that away from everyone. Claudia is a mess its gonna be something between her and Terrance. I don't trust Racquel she up to something. The jury still out on Niam mother she rubbed me the wrong way.

I love this book. So many lessons learned with Kammy and Niam. Sometimes Kammy is overly dramatic about certain things and don't let Niam love her like he wants to and she needs to be. I'm glad that things are looking up for them but they still have so much more to work out. I really hope that baby Mila's father is Niam, but if not then I know that Niam will be there for Kammy as promised. I can't wait for book 2 because this cliffhanger is getting me. I'm so excited. Keep up the good work and as always I support you!-Simply\_Diamond (Wattpad)

The beginning kind of threw me for a loop but it got better as I continued to read...as a whole it was good...the storyline was different from other urban stories I have read...worth the read though...

I'm waiting on book 2!!! Naim is my favorite hands down ^• ^• ^• and Nasir would've caught more then these hands!!! I loved this story from beginning to end ^- ^- ^- WHERE IS THE REST?! MY POOR HEART CAN'T TAKE IT!!!

This did not need a part 2 like honestly I'm over the whole series thing especially when a book does not need it. You could have finished this off and made a spin off but instead you take us on a great journey to leave us wanting more and I honestly do not see what more could be said or done adding a few more chapters would have me trying to give ten stars. Let me guess part 2 Niam isn't the father he gets in his feelings and cheats with the temp Raquel she then becomes crazy while Kamille foolishly falls back in with Nasir then he becomes crazy.... So over it with 377 pages the whole story could have been told.. It was a great read don't get me wrong but turning into two or

three parts was not necessary.....

this book was too good and to have us at the edge of our seats thinking we going to hear the results..the book ended . please hurry up with part 2. this book will not disappoint you

loved it! I can't wait until the next one comes. I think you did a great job & I loved how it kept me wanting to read more & more.
