Alice In Wonderland (Third Edition) (Norton Critical Editions)

Synopsis

Newly discovered letters by Lewis Carroll, an expanded selection of diary excerpts, and a wealth of new biographical materials are some of the features of this revised Norton Critical Edition. This perennially popular Norton Critical Edition again reprints the 1897 editions of *Alice's Adventures in Wonderland* and *Through the Looking-Glass* along with the 1876 edition of *The Hunting of the Snark*. Each text is fully annotated and the original illustrations are included. An unusually rich "Backgrounds" section is arranged to correspond with three clearly defined periods in Lewis Carroll's life. Letters and diary entries interwoven within each period emphasize the biographical dimension of Carroll's writing. Readers gain an understanding of the author's family and education, the evolution of the Alice books, and Carroll's later years through his own words and through important scholarly work on his faith life and his relationships with women and with Alice Hargreaves and her family. Reflecting the wealth of new scholarship on *Alice in Wonderland* and Lewis Carroll published since the last edition, Donald Gray has chosen eleven new critical works while retaining five seminal works from the previous edition. Two early pieces—an essay by Charles Dickens and poem by Christina Rossetti—take a satirical look at children's literature. The nine new recent essays are by James R. Kincaid, Marah Gubar, Robert M. Poles, Jean-Jacques Lecercle, Gilles Deleuze, Roger Taylor, Carol Mavor, Jean Gattuso, and Helena M. Pycior. The Selected Bibliography has been updated and expanded.

Book Information

Series: Norton Critical Editions

Paperback: 400 pages

Publisher: W. W. Norton & Company; 3 edition (April 18, 2013)

Language: English

ISBN-10: 0393932346

ISBN-13: 978-0393932348

Product Dimensions: 5.2 x 0.9 x 8.4 inches

Shipping Weight: 14.4 ounces (View shipping rates and policies)

Customer Reviews

My first exposure to Lewis Carroll's classic children's story was through the 1951 Disney film adaptation "Alice in Wonderland," which I watched repeatedly as a child. The creative quality of the story never failed to fascinate me, and I kept going back despite my deep-rooted terror of the frightful Queen of Hearts, who always gave me nightmares! However, it was not until recently, as an adult, that I ever picked up the book/s upon which that film was based. In some ways I wish I had read it when I was younger, as the book certainly makes a great deal more sense than the movie does (as much sense as a story of this sort can, anyhow), but thankfully this book is unique in that it is just as enjoyable for adults as for children. The story is actually spread across two books, here contained in a single volume. "Alice's Adventures in Wonderland" was first published in 1865 and relates the events that take place after young Alice falls asleep during her lessons and dreams of following a white rabbit down a rabbit hole. Alice encounters all manner of strange creatures in her dream, and finds herself in all sorts of curious predicaments where common sense fails and the nonsensical comes to be expected. There is no central, concrete storyline, but rather Alice moves rapidly from one bizarre situation to the next before waking once more and relating the whole adventure to her sister. The second of the two books, "Through the Looking-Glass and What Alice Found There," appeared in 1871 and is very similar in nature to the first, though having a slightly different plot. Here Alice steps through an ordinary looking-glass one day, only to find herself in a world where, if you wish to get anywhere, you must walk in the opposite direction!
