# Hopeful: A Sexy Standalone Romance

## Synopsis

Guys like Joel Wentworth weren't supposed to fall in love with girls like me. He could have had his pick of girls, but somehow the laws of nature were defied and we fell crazy in love. After graduation, Joel left for New York. And, despite him wanting me to go with him, I'd refused, unwilling to disappoint my parents and risk the judgment of my friends. I hadn't seen him again. Never even spoken to him. I've spent the last eight years working hard to put my career front and center in my life, dodging any personal complications. I have a strict no-dating policy. I've managed to piece together a reality that works for me. Until now. Now, Joel's coming back to London. And I need to get over him before he gets over here. Hopeful is a stand alone, sexy contemporary romance. "A great Read, I highly recommend this book." Books and Beyond Fifty Shades "This is a true love story and I couldn't put it down! I highly recommend! " Gwen the Book Diva "Hopeful is hands down a five star book." "It was amazing. The author has a way of pulling you in from the very beginning. It was hard for me to put it down to go to bed." Summer's Book Blog "My heart was irrevocably stolen....more like willingly thrown at Joel's devilishly handsome feet. I thoroughly enjoyed this book not solely because of Joel, but also the storyline and the emotions that were successfully forced out of me." Page Turning Book Junkie "This is a story that pulls at your heart all the way through. I was so taken by this book I couldn't put it down." Eye Candy Bookstore

## Customer Reviews

This is a story of love and second chances. It's a story of 2 people in love. One wanting to scream it from the roof tops. The other one wants to keep it a secret for their own selfish reasons. It's about 2 people being apart for 8yrs. Now, that they are seeing each other again after so long what comes next? This is my 1st book by Louise Bay. I definitely would read her next. Ava Elliot & Joel Wentworth have never had a easy relationship. They met in college. Ava and Joel had the same group of friends. But, it was there time spent in the library studying that changed everything. They finally gave into temptation after awhile. The funny thing was is that is wasn't Ava making Joel wait. Joel made Ava wait until she knew that this is what she wanted. Joel never hid his feelings for Ava. So, when they finally committed to each other it was for infinity. For forever. So, what's the problem? Ava!! Ava was the problem. Joel wanted to let all their friends know that they were together & happy and in love. Ava on the other hand had a weird way of thinking. She didn't think she was pretty enough for Joel. Ava thought once everybody found out they were together that people would talk Joel into doing better. No matter how much Joel told her he loved her. No matter how much he showed her. It was never enough for Ava. He could never touch her or stand too close to her in public. I felt so bad for Joel. I can not tell you how many times I yelled & cursed at Ava while reading this book! Here she has a man who can legitimately get any woman & is destined to do big things loves her with everything he has. He wants to scream from the highest rooftop that he loves her. Yet, she somehow makes him agree to wait until after her final exam to tell their friends.
