The Bold And The Dominant (Doms Of Her Life Book 3)

Synopsis

After spending weeks trying to reach Raine Kendall, Dominants Liam O'Neill and Macen Hammerman have finally broken past the walls to their submissive's wounded heart. Before they can enjoy their newfound closeness, Liam's past comes back to haunt him when his ex-wife drops in with a secret that could tear his world apart. Forced to leave Raine in Hammer's care, Liam is stuck on the outside, stewing in frustration and insecurity and wondering if Raine no longer needs him or if Hammer alone completes her. Always the pillar of strength, Hammer tries to help Liam while sheltering their woman. But Raine soon discovers the truth that threatens the trio's chance of a happily-ever-after. Determined to hold them together, the two men cook up a scheme to uncover the ex's secret. When an old nemesis returns and targets Raine, can Liam and Hammer come together to slay the danger and save the woman they both love?

Customer Reviews

The sexy, suspenseful, and erotically charged drama continues in the next installment of The Doms Of Her Life series. Raine, Liam, and Macen are no strangers to trouble getting in the way of their relationship, and what Liam has waiting for him at Shadows is a disaster waiting to happen. My favorite menage can't seem to catch a break, and in THE BOLD AND THE DOMINANT, the

obstacles they face will test their relationship and bring back old demons that were supposed to be laid to rest. In the midst of all the chaos, they continue to face concerns about their threesome. Jealousy rears its ugly head more than a few times. The insecurities are still there for Raine and just when you think she is moving forward, something is said, something happens that has her taking a few steps back. Liam's patience is running out, and Macen's frustrations are showing. So as you can see, they have a LONG way to go. These two men want more than her heart, mind, and body. They wanted to own her soul. My emotions ran wild while reading this gem of a book! I felt frustration. I felt anger. I felt love. And I felt compassion and tenderness. You can feel the amount of love that Liam and Macen have for Raine, and in this book, the love that they have for each other, as brothers, not in blood, but in all ways that matter come shining through as well. No matter what struggles, what obstacles they face, they do end up finding their way back. And with every problem faced, their love, their devotion, and their commitment grow stronger. These three authors continue to blow me away with what they bring to these characters and the storyline. They bring out a reader's emotions so gently, so vividly, you feel like you are on the same level as one of their characters.

FINAL DECISION: This book continues the saga of the trio trying to work out how their relationship will work. There are a lot of external threat to their happiness in this one which was good, but not as emotional as book 2. **THE STORY:** After the events of book 2, things should be perfect between the trio. Macen and Liam have agreed to share Raine in a menage relationship. But just when things are going well, Liam's ex-wife returns and is intent on causing trouble for Liam and his new relationship. Danger in the form of Raine's father also threatens the trio as they continue to try and work through all the pitfalls of developing a stable and loving relationship between them. **OPINION:** This book is about Liam and Raine's ghosts. Liam is still struggling with his jealousy in the relationship and with his ex-wife. The best part of this series is that everyone is not immediately hunky-dory with the threesome. To this point, Liam has struggled the most. He clearly has issues with believing that he is not enough for Raine. Much of this appears to stem from his ex-wife's infidelity. This book through its drama (and there is a lot of plot dramatics here), allows Liam to exorcise his demons and fully commit to the relationship. Raine also must have a final confrontation with the demons of her past. I liked how this was resolved and I especially liked that Raine, rather than either of the two men, is the active participant in resolving her past. In this book, Macen is the rock. (Can I confess that he is my favorite?) He is the steady one throughout the book which allows the other two to return to the relationship through his determination and strength. This is a complex

story.
