Sought: (BBW Alien Warrior Menage Science Fiction Romance) (Brides Of The Kindred Book 3)

Synopsis

This Book is a Super Plus length novel--129,000 words long One Woman, Two Hot Guys, A Galaxy of Problems...Kat O'Connor is no pushover. She's a no nonsense girl with a commonsense approach to life. But there's nothing common about what's happening to her lately. First she was forced to have a kinky mind ménage with two of the hottest and most irritating men in the galaxy. Twin Kindred warriors, Deep and Lock, in order to locate her kidnapped friend. Then she couldn't get their feelings out of her head. And now she's on her way to their home planet, Twin Moons, to find a cure for the debilitating illness their unorthodox joining caused, when all she really wants to do is go home. Locks Tight, the light twin of the two, is already in love with Kat. Her curvy plus-sized body is the epitome of beauty on his home planet and her sharp mind makes her doubly attractive. But though he fell for her the moment he saw her, Twin Kindred are unable to mate a woman alone. Lock knows nothing can happen between them without his brother. Stabs Deep. The dark twin has a secret agony in his past, a tragedy he feels he and he alone is to blame for. He too, hungers for Kat, but he hides his fear of rejection behind an impenetrable wall of angry sarcasm. For if he lets anyone get too close, the unbearable pain he has already endured once may happen again. Now Kat and her twin warriors are on a quest, but they're all looking for different things. Kat wants to find a way to dissolve the half-formed bond between them so she can be alone in her own head again. Lock wants to convince both her and his brother to complete the bond which will keep them together forever. And Deep is trying to protect his heart and love Kat from afar, though it grows more and more difficult to deny the hunger he feels for her growing inside him. Their travels will take them from the uncharted wilds of Twin Moons to the Deadworld of the Scourge home planet. Will Kat find a cure for having other people's emotions crowding her mind? Will Lock convince his brother and the woman they both love that they're all meant to be together forever? And will Deep ever unshield his heart long enough to let Kat in? You'll have to read Sought, the third book in the Brides of the Kindred series, to find out.

Customer Reviews

Although I like the story line and the action in this series, so far Kat is so obnoxious!!! The heroines in these stories - I'm finding - are so unlikeable and annoying! In Hunted, Sophia was such a wimp and so squeamish I wanted to kick her out of the way and sleep with Sylvan myself! And with Kat in this book, I now know the author is going to make us wait the ENTIRE book to see Kat finally accept the twins and live a freaking little! If I have to hear Kat say 'No, I'm sorry' one more time I might die.

As some other reviewers have already said, this story seems like a "do over all over again", every time one turns the page. Way too much inner monologue, way too much "I want it, but I shouldn't, so I won't, although it would be great... well, maybe just a little bit"... Please!!! Give me the fun and enjoyable already!!! I read the first book and found that these same quibbles were the worst part (all the doubts and super "strength" of the heroine to withstand the magnificent male that loved her), but boy, how did I laugh with that book!!! Claimed was the best by far: it was new, fresh, funny, sexy... Problem is, the whole structure of the series were established in that first book and I wish that the characters would learn something from their "super best friends/sisters forever". But no, sadly no. They all go through exactly the same problems, with the same angst, with the same results, with the same capture by the big bad All-Father. Oh, yes, but the second and third book have not one single line to laugh about. This book cannot be considered as a stand alone, and so the author tells us at the beginning, but the journey to see the end of this series is getting really tough and repetitive for my taste. I don't know what I will do when the next book comes out. Too many times during this one I thought "Ok, this is the last one!!!" but I don't know, the hints indicate that some new creativity will be thrown in the next one... well, not really, in the next one is the guy who will be paining all the time

with the "I want it, but I shouldn't, so I won't, although it would be great... well, maybe just a little bit". You'll see. Or hopefully no one will see and there would be a new structure to the story?

The entire plot conflict of SOUGHT, 3rd or 4th chapter of THE BRIDES OF THE KINDRED erotica series by Evangeline Anderson is the traditional 1970s "Big Misunderstanding" that was so prevalent in the early HQ Romances. The H/H (Deep & Kat) are wallowing in the classic "He/She doesn't love me, so I'll pretend I don't love him/her" plot device. Of course, when/if the misunderstanding is resolved, the romance conflict will disappear and the story must close, so we readers are left to gnash our teeth of the sheer dumbness of the characters through this entire rigamarole of full length novel. The 3rd member in this menage a trois, brother Lock, runs around trying to pour oil on the troubled relationship and soon his pablum personality got on my nerves too. The sex (the little there was) really is hot with some interesting manage a trois twists, but always with the guilt & personal recriminations & hurt feelings afterwards. I'm so tired of these infantile characters that I don't know if I'll be able to finish (I'm about 2/3rds through. Some readers may want to read the BoftheK series in order, but I don't think it is necessary. There is enough back chat in Sought that fills in any knowledge gaps the reader may have of the larger story arc.

Kat O'Connor is a stubborn minded woman trying hard to fight her feelings for the twin kindred warriors that have entered her life. She's torn between her love for them, and her fear of their relationship turning into her parents. She's struggled with their constant bickering, and has vowed that she'll not be stuck in a relationship unless she's positive that the man, or men in this case will absolutely love her unconditionally. The problem is that before Deep and Lock entered her life, they were devastated by a past love lost, and Deep holds the blame for what happened. Scared to fully open up to Kat, he buries his feelings and puts a strain on their relationship, the relationship he shares with his twin kindred brother Lock, and on his own faith to move on. Loving Kat, and Lock more than his own life, Deep endangers his own life to protect them at all costs. Two stubborn soles put one other in the middle to hold everything together, as a few near death experiences, and a fight for survival proves love conquers in the end. Sought is a very emotional and well written read with hot chemistry, scorching menage scenes, and updates with Liv and Baird, Sophie and Sylvan, as well as a new introduction to Lauren and Xairn. As with the other two in the series I thoroughly enjoyed it, and look forward to the next installment hopefully in the near future.

I was THRILLED to see book three out so soon! I loved the enticing storyline of Lock, Deep & Kat

revealed in the second Kindred book and couldn't wait for Sought to come out. I was not disappointed! Ms. Anderson delivers another wonderful sci-fi book about the Kindred races that is unique and exciting. I both loved and was frustrated by Kat's determination to keep away from Deep even though she cared for him, and the same for him towards her. Poor Lock, caught in the middle as only a Kindred twin could! Creepy All-Father, surprising hero in Xairn and the introduction of the star-birth-marked relative of Sophie and Olivia made this book too good to put down! I wanted the book to be twice as long because I didn't want it to end! The only thing I didn't like was reading the note from Ms. Anderson at the beginning of the book that people are sharing and stealing her work! The nerve of people! I am so grateful that her Kindred books are so inexpensive and I would gladly pay more for them even as I'm glad that they're not. As a wonderful and faithful author, she deserves every penny she gets and then some! Don't miss this book!
