Customer Reviews

Great book to teach children about their Puerto Rican heritage. Got this for my God daughter who is half Puerto Rican and African American. She knows little about her latina side and this book was a good start. English and Spanish translation is very helpful.

I personally enjoy the book, and the story. However, my 4 yr. old wasn't too thrilled with the illustrations. He thought the eyes looked scary, and the overall illustrations. :(I'm hoping when he gets older, and over comes his fear, he will enjoy this book, as I do.

I read this book and gave it to my daughter for my grandson. The story is a very nice one and I wanted them to have some books that weren't in the stores. The book is a really nice story and I know they will enjoy it.

I love that this book had some pronunciations and definitions to some of the words. I bought the

book to read to my boys (and for myself ^‡) and thought it was educational for them. Also helps that it is a great true story of our ancestors.
