# Prince With Benefits: A Billionaire Royal Romance

## Synopsis

HE BOUGHT A WIFE. I BOUGHT INTO MAKE BELIEVE...ERIN Cinderella had it easy. I'm lying to millions of people, and it's all Silas's fault. Yes, that Silas. Billionaire. Prince. Scandals galore. Downright royal b\*stard. Everything that screams run. If only it weren't for his rock hard edges and wild tattoos, tempting anything female on all seven continents. But I don't care about his looks. Really. Our deal is simple. He needs a pretty little lie, a wife to cover up his dirty deeds. I need a fortune to buy the treatment that just might save my father's life. Match made in hell? Totally, and I'm going to make it work. No, I'm not stupid. I'm not getting played by this billionaire prince. Forget his banter, his charms, the rumors I've heard about his ridiculously over-sized...ego. What's that phrase he teases me with - Prince with benefits? Not in a billion years. Yes, I'll lie for him. But I swear, my panties are absolutely, positively not melting every time I imagine his kiss...SILAS is almost perfect. An engagement with an American girl, desperate as she is beautiful. Anything goes with Erin, except one rule. Her body's off limits. She's joking, right? Charming any girl I want into my bed doesn't mean a thing when there's only one on my mind. I want Miss Make Believe. My fake, sassy, sexy fiancee. She, who says no, and makes me so obsessed I'm about to trade in my designer suit for a straitjacket. I convinced her to wear my ring, easy. I'll get her clothes off next. Show her what the world's most infamous player does when he's on fire. Then I'll move on. No more playing castle. I'll have my Princess with benefits on her knees, treating me like royalty... This is a standalone romance novel packed with broody billionaire alpha male lovin' fit for a royal! No cliffhanger, HIGH heat advisory, and no apologies. Happily Ever After? Always. Bonus! For a limited time, this special edition of Prince With Benefits includes another complete billionaire romance novel.

## **Customer Reviews**

I received this book as an ARC for an honest review. In this book we meet Erin Warwick and Prince Silas Erik Berington. When this book opens up Erin's father is interviewing the prince with the unthinkable happens and her father calapses part way through the interview. After being taken to the hospital she learns that this is much more serious than she ever thought. All she wants is the person she looks up to most to be better but she doesn't know how she will do that. Then she gets a proposition from the Prince that she doesn't know if she can turn down. What happens though when this simple proposal becomes more and she wants something real can the Prince ever give her what she really needs? Silas knows one day he will have to take over the kingdom but right now he just wants to party like there is no tomorrow. However when the reporter calapses right in front of him and he meets his daughter her finds there might just be one woman he can't forget. Silas had no plans to change his ways until he gets a stern talking to by his grandmother about shaping up. He knows she is an older woman and with the entire country looking up to her he knows he will have to be better. So when his press secretary proposes something completely outrageous he blows the idea off. However the more he thinks about it the more the idea has merit. What happens though when the idea of changing his image becomes more can he really be all that he needs not only for this country but his grandmother and new woman as well? This is an amazing story about finding love when you least expect it. It also shows us that you should never give up faith sometime the most amazing things will happen at the most unexpected times.

I couldn't put this down!!! I got this ARC in return for an honest review, I'm not the best at reviews so here I go, I'll at least try. I'm also one that hints around stuff so that I hopefully don't give any

spoilers away. So I'm sorry in advance if I mess this up. You gotta love it when the royal hero is also a famous player & has been with his share of women if not the whole country/island worth of single ones. The heroine herself is just a minor journalist looking to follow in her own father's footseps. Then comes bad news to both the journalist & his idolizing daughter. Of course Her Majesty, grandmom, decided that nows the time to put her foot down & demand the playboy Prince to settle down. That he needs to find a woman/wife, not some floozy wannabe one night stand. Granted our loved ones mean well with ultimatums, but do they really stick? Well in romance fantasy novels they do. And why not? I think we'd all like it if our dreams were to come true, I know I would. Fake engagements? Do those even work the way they are suppose to? Even those with prenups & prearranged papers? There's bound to be something that goes wrong. In romance novels they actually turn into HEA's, eventually. The press conference got way out of hand for this day & age. I don't think I've ever heard of the press throwing chairs just because of a possible fake announcement. Then the rioting continues putting the Prince & Erin in mortal danger? When these two finally do get together it's intense. STEAMY & VERY YUMMY!! Whoo-Hoo!! The Prince is growing the hell up!! Granted it took an emergency at the palace for it to happen. But sometimes those things have to push some people to get their s\*\*\* together.
