Steel Shark (Sea Wolf Book 1)

Synopsis

1940 AND BLOODY DEATH SAILS THE ATLANTIC! Deep down in the waters of the mid-Atlantic lurked the sleek shape of U-42, crack submarine of Hitler's navy. Her torpedoes primed, she was the deadliest steel shark in the sea. Above her sailed the massive hull of a British destroyer. Like predators the two ships stalked each other, both ready to move in for the kill. And as they played their murderous game of cat-and-mouse, the men of the U-42, on their first deep-sea mission, waited with mounting tension. Sealed in a steel cylinder that could at any moment become a coffin, they began to know the real meaning of war. And for one man in particular – Baldur Wolz, tough, ruthless and ambitious – it was the biggest test of all. The test that was to earn him the name Sea-Wolf.... Bruno Krauss was a pen name used by Kenneth Bulmer (1921-2005). A prolific writer, Bulmer wrote over 160 novels and many short stories, both under his real name and various pen names. He is best known for science fiction, including his long-running Dray Prescott series of planetary romances, but he wrote in many genres.

Customer Reviews

Good story but I believe the writer needs improvement in his ability to get the story across in a more convincing way. He is slightly stunted in his presentation and the story doesn't flow as smoothly as it should.

There are equal measures of German U-boat activity and the sexual exploits of the characters. Women are portrayed as nothing more than vehicles to satisfy the men's sexual hunger. It's difficult to respect these characters as "noble warriors" when sexual immorality occupies most of their thinking.

A very good, well written fictional story about a U-boat during WW2, on a long range patrol. This was fast paced and was a good read. I found the use of a towed auto-gyro for scouting interesting.

Good story that gives a person a idea of what it must have been working on a submarine. It is a good platform for the books that follow in the series.

Too short, good book, not enough drama in the ending. What happened to u42? Hopefully baldur will have his own boat in the next book.

Another great Action series. the entire collection is a great read.
